Twelve of the eighteen men who started in the six-day bicycle race were still spinning around the slippery ellipse at Madison Square Garden when the dawn's first rays stole through the glass-paned pavilion this morning.

The champion, Billy Martin, had been suffering with badly blistered feet all night and gradually fell back till, at a little before 1 o'clock, Schock, the un-couth Austrian, overhauled him and took the lead in the 40th mile. Waller, having dropped behind immediately after achieving a new record for twenty-four hours.

Waller, at 9:37 last night, touched the twenty-four hour record of 364 miles, 2 laps, made by Martin in the international race of October, 1901, with 2 hours and 25 minutes to spare.

Shortly after that Waller retired for his first sleep, and when he returned to the track he found Martin still in the lead by six miles.

Martin was suffering from exhaustion, but kept to his post. He was not to be beaten by his rival, Waller, who had a better day of his life.

At 11:30 this morning Schock was the leader, with 537 miles to his credit. He was followed by Waller, with 534 miles, and Martin, with 531 miles.

FORGED 16 CHECKS. DID HE CLUB MUCCI? AFTER SLEVIN NOW.

Col. Henry Potter Favored Brewer Policeman Wood, of the Mercer Street Station, Accused.

Always Used His Name and Invariably for \$65. Pushed from a Crowded Car Platform by the Conductor.

Locked Up as a Drunkenness—Then Arrested for Drunkenness—Byrnes to Investigate.

Supt. Byrnes has determined to investigate what appears to be from all the evidence that has thus far been obtained, an exceedingly aggravated police outrage.

The policeman who is accused of having brutally maltreated Mucci is William A. Wood. In Jefferson Market Police Court this morning the prisoner was discharged on the recommendation of the officer.

Just right Mucci, according to his own story, attempted to board a green car in front of the Union Square Theatre. The car was crowded and the platform was full, so that there was absolutely no room for even one more passenger.

Wood, hanging on to the platform rail and refused to get off the steps when ordered to do so by the conductor, who finally struck the boy in the face and knocked him off.

The conductor stopped the car and called to the policeman, who was on the platform, that Mucci was drunk and could not get down.

Wood, who was on the platform, attempted to lift the half-dressed boy, but he was unable to do so.

Crank After Dr. Parkhurst. Clubbed in a Station—House for Flushing a Knife.

Timothy Kane, a plasterer, twenty-eight years old, of 109 Third Avenue, was sent to the island for five days by Justice McKane in the Harlem Police Court this morning for attempted assault on Police-man Stevenson, of the East One Hundred and Fourth Street Station.

About midnight last night Kane entered the station-house, flourishing a long knife. He told the Sergeant at the desk that he was looking for Dr. Parkhurst, whom he wanted to "rip up an sight."

The Sergeant rang for a policeman, and when Stevenson responded to the call Kane made a dash for the door.

The policeman returned into the station-house, and another officer knocked the knife from Kane's hand with a club and cut his head severely, that a surgeon and a nurse were called in to attend to the man.

Justice Hogan was unacquainted with the circumstances and discharged the prisoner on his own recognizance.

While the case was pending, Justice McKane promised the Justice to ask what had happened to him.

Supt. Byrnes, however, said that he believed that the patrolman had exceeded his duty, and that if he found that such was the case, he would see that the man suffer a severe penalty.

An information regarding the affair was refused by the Justice, and the case was dismissed.

The election fraud prisoners were not arraigned this morning before Justice Barrett, in the court of Oyer and Determiner, in the Police Court.

Five more arrests were reported at the Headquarters this morning. They were: Patrick Roche, laborer, aged thirty-two years, of 29 Carling Street, arrested for disorderly conduct; Charles J. Hagan, aged thirty-two years, of 109 Third Avenue, arrested for attempted assault on a policeman; and three other men, whose names were not given.

But the Steam Company is Abating the Smoke Nuisance.

The officials of the New York Steam Company concluded this morning that the safest course to pursue would be to abate the smoke nuisance.

Whether they had any information that the health authorities had also made up their minds to take action, is not apparent.

Cullen Says There is a Doubt as to Bernard's Jurisdiction.

Found More in the Subject than He Had Supposed.

John V. McKane will not go to jail just yet.

Justice Cullen, in the Supreme Court, Brooklyn, this morning granted a stay of proceedings to McKane pending an appeal from Justice Bernard's sentence of thirty days in jail and \$25 for contempt of court.

The decision is based on a doubt as to whether Justice Bernard had jurisdiction over the subject matter for which the injunction was granted.

The last paragraph of Justice Cullen's opinion explains the case.

"It is true that I am engaged in contempt proceedings against McKane, and that I have issued a writ of habeas corpus in his behalf. It is now a distinguished jurist, and that covers I suppose, a large part of the case."

"The question of validity is subject to doubt, and the stay should therefore be granted, the defendants to renew their bonds on appeal."

"If this opinion has extended beyond the limits indicated in the argument it is because I have found more in this subject than I had supposed."
